

## HOW CAN PMN'S RESOURCES HELP YOU?

THE PLANT MANAGEMENT NETWORK'S online, searchable resources provide science-based information on crop protection and management. They include journals, pesticide efficacy trials, databases, webcasts, proceedings, and other quality information that helps researchers, consultants, growers, and other practitioners with their work. PMN helps users do research, make management recommendations, answer questions, and even develop products.

## PMN'S COLLECTIVE SCOPE

Agronomy, biosecurity, crop science, diagnostics, ecology, entomology, forestry, horticulture, IPM, natural resources, nematology, plant pathology, range science, regulatory, seed science, soil science, turf management, weed science.

## Thank You, PLANT MANAGEMENT NETWORK Partners!

*Through their generous contributions,  
PMN partners support your low-cost  
personal subscriptions.*

## Subscribe to PMN's Ag and Hort Resources

- ✓ Easy to search
- ✓ Multidisciplinary
- ✓ Ready for the field

 **Plant Management Network**  
International

Brought to you by...

## APPLIED, PEER-REVIEWED JOURNALS

Content includes research, recommendations, reviews, briefs, proceedings, perspectives, and news. Titles and scope include...

- **Plant Health Progress**  
Plant disease, entomology, and nematology
- **Crop Management**  
Crop management and production
- **Forage and Grazinglands**  
Forage/rangeland management and animal nutrition
- **Applied Turfgrass Science**  
All aspects of turfgrass management

## EFFICACY TRIALS

Thousands of searchable reports that help users find the most effective pest controls and application rates. Titles and scope include...

- **Plant Disease Management Reports**  
Fungicides, nematicides, and biological controls
- **Arthropod Management Tests**  
Insecticides and miticides

## OTHER INCLUDED RESOURCES

- **PMN Image Collections**  
Searchable collection of more than 4,000 horticultural and agricultural images
- **Plant Science Database and Partner Extension Search**  
Contains fact sheets, management recommendations, and other web-based solutions from PMN's partners
- **Symposium/Meeting Proceedings**  
Collection of proceedings on topics related to agriculture and horticulture
- **PMN Journal Search**  
Search thousands of abstracts from over a dozen applied partner journals
- **Focus on Soybean**  
The first of PMN's webcast and informational portals for commodity-specific audiences

## PERSONAL SUBSCRIPTION PRICES

Prices include full access to all PLANT MANAGEMENT NETWORK resources.

–\$45 regular subscriptions

–\$38 discounted subscriptions

For members of partnering societies and associations.
